VOLUME XXXVII

PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, MAY 3, 1918

IN THE SERVICE OF THEIR COUNTRY.

Lieut. and Mrs. T. H. Nelson, of Ft. Thomas, and Capt. Cook, of Camp Zachary Taylor, have returned to their commands after a visit to Mr. and Mrs. E. C. Cleveland, near Paris.

Mr. Coleman Renick, son of Mr. and Mrs. B. M. Renick, of this city, is now a member of the Canadian Corps, having enlisted in that branch of the Canadian service some days ago, after a successful examination.

Corporal Jos. Mitchell, formerly of Paris, who is now "somewhere in France" in the army service, writes his father, Mr. Newton Mitchell, of this city, that he is in the very best of health and spirits. Corp. Mitchell is in the railroad transportation work, and says he likes it very much.

Reports from Mr. Vance Huffman, son of Mr. and Mrs. W. J. Huffman, formerly of Paris, state that there has been a slight change for the better, and that his condition appears more encouraging. Mr. Huffman is stationed at Camp Sheridan, near Montgomery, Ala., instead of being at Camp Shelby, as first stated.

Mr. and Mrs. Albert S. Thompson, of near Paris, accompanied by Mr. and Mrs. C. Haley, of Paris, were at Camp Zachary Taylor the first part of the week, visiting Mr. Alvin Thompson, who is a member of the Dr. Barrow Base Hospital Unit No. 40, now in the camp.

Mr. Maurice Burnaugh, formerly a resident of Paris, and a son of Mr. and Mrs. James Burnaugh, was a member of the detachment of draftees from Lexington, who went to Fort Thomas, Wednesday. Mr. Burnaugh was for some time a member of the reportorial staff of the Lexington Leader. He has also been prominent in theatrical matters.

Kenneth D. Alexander, who recently returned from France where he had been a member of the American Ambulance Corps for two years, has received orders to report to the Boston Aviation School for instruction in aviation. Mr. Alexander volunteered his return from the battle front and has been resting at his farm in Woodford county while awaiting the call. He is the owner of Escoba, a Kentucky Derby entrant.

With the enlistment in the naval service, of the United States of Mr. Jesse Galloway, of Paris, three members of the family of Mr. and Mrs. Grant Galloway, of near this city, are now in the service. Mr. Galloway passed his final examination at Louisville, and was sent to the Great Lakes Naval Training Station. The others in the service are Lieut. Emerson Galloway, now in the Philippines, and Lieut. Finner Galloway, an officer in the 334th Infantry at Camp Zachary Taylor.

Paris and Bourbon county people who contemplate sending mail to members of their families who are now in the service in France are herewith advised that all such mail should have the word "American" written or spelled out in full. Under a recent ruling of the War and Post-office departments it was ordered that all mail addressed to members of American Expeditionary Force in France should have the word "American" written or spelled out in full so that in the address it will appear "American E. F." The new order is deemed necessary in order to distinguish American soldiers' mail from that addressed to the soldiers of expeditionary forces from other countries.

TO HELP IN WAR SAVINGS STAMP SALE.

The school children of Paris and the county schools are boosting the sales of Baby Bonds and War Savings Stamps. There has been great rivalry among the schools as to which shall have the greatest sale of stamps. The standings of the schools will be announced in the future.

The W. C. T. U. of the Seventh Kentucky District has offered its services to Mrs. Clarence LeBus, State Chairman of the Woman's Committee, to assist her in any way possible in the campaign which was launched May 1. The Seventh District is composed of eight organized unions in Fayette and Bourbon counties.

C. C. Singer, Thos. Singer and C. A. Singer, of Stamping Ground, Scott county, son and grandson of the late Mr. Henry Singer, formerly of Paris, have each bought \$1,000 worth of War Savings Stamps. Their parents were natives of Germany.

GET IN YOUR COAL ORDERS RIGHT NOW!

It is very important, according to the National, State and County Federal Fuel Administrators, that every one who can do so should put in their coal supply this spring and summer, so as to keep the railroads and the mines at work right along. There is no ground absolutely for the hope that coal will be any cheaper this fall and winter than it is now, and there is a strong probability that it may go higher, and be very hard to get even at the higher price. Put in your order now and get your coal while you can. This is also the advice of local dealers.

FOUR-MINUTE SPEAKERS' CAMPAIGN TO BE RENEWED

Mr. John J. Williams, of Paris, Chairman of the Four-Minute-Speakers' campaign, is in receipt of the following telegram from General Chairman Blair, at Washington, in which a proposition is made by President Wilson in regard to the purchase of Liberty Loan Bonds. The telegram follows:

"Washington, D. C., May 1. 'John J. Williams, Paris, Ky. 'Notify all speakers to make this proposition to all audiences: President Wilson, realizing the vital necessity of increasing number and size of individual subscriptions to Liberty Loan Bonds, says that he has already bought to the limit, but offers to buy one more fifty dollar bond, on the installment plan of seventeen cents daily, and asks how many in all the American audiences will match him for new or additional subscriptions. His offer is being made simultaneously to every meeting in America just as if he were present. Have all your speakers pound this hard, at every meeting and secure subscriptions.

"BLAIR." The campaign in this city will be resumed with renewed vigor by the Four-Minute speakers. Mr. E. M. Dickson spoke to a large audience at the Grand Opera House last night, in which he urged the acceptance of the President's offer as outlined in the message referred to above. To-night County Judge Batterton will speak. A speaker, not yet announced, will be present at the performance Saturday night, and will address the audience.

There is no doubt that many people in the city have not yet purchased at least one Liberty Bond, and many are amply able to do so. They will now have an opportunity to be as patriotic as our President, and to match his individual subscription along the lines he has indicated. The nation must have money to make a successful prosecution of the war, and the people of the country must furnish the money. Let everyone reflect over this, and let all who attend the Grand-to-night and to-morrow night give careful thought to the utterances of the speakers.

FISCAL COURT PROCEEDINGS.

The Bourbon Fiscal Court met in the County Court room in the court house yesterday morning for the May term. Judge Batterton presided, with the following members of the court present: L. J. Fretwell, E. P. Thompson, R. H. Burris, John S. Talbott, A. L. Stephenson, John S. Wiggins, John N. Shropshire, R. O. Turner.

The report of the County Road Engineer was read, and filed. Claims against the county, amounting to \$940.90, were allowed and ordered paid.

The following bids on county turnpikes were accepted by the Court: Leesburg and Newtown pike, May & Anderson, \$12 per rod; Hill pike, May & Anderson, \$12 per rod; Hope well and Bethlehem pike, Thomas Carmody, \$12 per rod; Greenwich pike, Thomas Carmody, \$12 per rod.

It was ordered that the sum of \$100 be appropriated to the Girls' Canning Club. The salary of Roy Turner, Assistant County Road Engineer, was fixed at \$1,400, and the salary of W. H. Current and H. C. Current, truck drivers, fixed at \$75 per month from May 1, 1918.

The following committee, with power to act, was appointed in regard to purchasing new truck for the county: Justices Stephenson, Burris and Fretwell. It was ordered that Dr. H. M. Hamilton be elected County Livestock Inspector at a salary of \$25 per month until Oct. 1, 1918.

It was ordered that the Cynthia and Paris, and Paris and Mt. Sterling turnpikes be completed before work starts on the Maysville and Lexington pike. The bid of Woods & O'Brien on four bridges for \$4,220, was accepted by the Court.

MAIN STREET IMPROVEMENT.

Mr. John Mallaney, foreman of the street department of the city of Paris, has begun the work of improving Main street from Tenth to the bridge over Stoner. The work was also started on the other end of Main from Tenth to the Frankfort & Cincinnati railroad crossing, but was stopped by the big tractor breaking down.

The work is being done by a big machine resembling a steel harrow, hauled by a tractor. The harrow tears up the surfacing, which is replaced with new material and rolled smoothly, and compactly into shape again, practically making a new street.

WHEAT-LOOKING FINE.

Wheat in this county continues to improve in appearance, and if the season continues favorable, this county will have a banner crop of wheat and will do her part in furnishing food for the Allies, and for our army.

Truly, the wheat crop of this section is not a very large one in point of acreage, but it all counts, when taken in the aggregate along with the greater acreage in this great land of ours. Let us hope that all other sections will do as well, as it looks like we will, and there will be enough and some to spare.

The German losses have been terrific of late, save the Kaiser's immediate family. Liberty Bonds will help the airmen get back of the lines.

NEW SUPERINTENDENT OF CITY SCHOOLS ELECTED AT MEETING.

At a meeting of the Paris Board of Education, held in the office of Mr. R. F. Clendenin, in the First National Bank building, Prof. F. M. Kilpatrick, of Nicholasville, was elected as Superintendent of the Paris schools, to succeed Prof. T. A. Hendricks. The latter resigned his position some time ago in order to accept the presidency of Hamilton College at Lexington.

The new Superintendent was elected for a period of one year, at a salary of \$2,400. The change becomes effective after the close of the present school year in June. Prof. Kilpatrick comes highly recommended as an educator, and as a man possessed of social qualities that will make him a favorite with the pupils and patrons of the Paris schools.

LOCAL COMPANY GETS 100 BARREL OIL WELL.

The Bourbon Oil and Development Company, a local concern, has scored another good well, this one being brought in Tuesday morning on the J. F. Harris farm, on Ross creek, in Estill county, and is good for 100 barrels daily. Location was made for number two, which will be drilled at once. This company has about 150 acres of very promising territory in the Ross creek field, and have an extensive drilling campaign for the summer. They are down 630 feet with their No. 2 on the J. G. Rogers lease in Estill county, and drilling at 553 feet on the L. C. Prichard lease in Elliott county. This same company now has about 150 barrel production daily, and will be selling oil as soon as they install their power and pumps on their lease now being drilled.

CARNIVAL COMPANY COMING

Mr. Wm. W. Dudley, of this city, has closed a deal with the Rubin & Cherry Carnival Co., one of the largest of the kind on the road, to appear in Paris during the week of May 13. The lot belonging to J. S. Wilson & Bro., on Vine street, near their seed warehouse, has been secured for the purpose, and the carnival people will pitch their tents there.

The exhibitions will be given under the auspices of the Knights of Pythias Lodge of Paris, who have agreed to donate a large part of the receipts to the Paris Chapter of the American Red Cross. The Rubin & Cherry Co. travel in a train of fifteen cars, carry 250 people, and a fine military band of sixteen pieces. It is said to be one of the largest and cleanest traveling organizations on the road.

Further publicity will be given through the press of Paris as to the program to be carried out with the co-operation of the Knights of Pythias and the Red Cross.

TROOPS FROM MICHIGAN PASS THROUGH PARIS YESTERDAY.

Two detachments of United States soldiers, eleven hundred men in all, passed through Paris about noon, yesterday, en route from Camp Custer, near Detroit, Mich., to some army camp somewhere in the South. The men came in a special train of nineteen cars, which included one car for the transportation of field artillery. The soldiers detrained at the Tenth street passenger station of the Louisville & Nashville, and one detachment comprising 520 men, marched down Tenth street, to Twelfth, where they gave a patriotic demonstration and drill, then down High street to the court house, where another halt was made. They then marched up Main to Sixth, where they halted again at parade rest, and sang a number of patriotic songs, among them being "We're Going Over There To Catch the Kaiser."

The other detachment, composed of an equal number of men, were left on guard at the train. They proceeded on their way South via Winchester. The men were husky looking lads, and looked as if they realized the seriousness of the affair they were probably going into soon "somewhere in France." They presented a fine military appearance as swung up Main street, eyes front, and every step in unison in correct military style. They marched four abreast, each detachment being made up of sixty-four files of four men each.

MORE BOOKS SENT TO THE SOLDIERS.

The second collection of books for shipment to the army and navy camps has been gotten together by Miss Imogene Redmon, librarian of the Paris Public Library. This will be sent to the State Library Commission at Frankfort from where the books will be distributed.

The number of books up to the present time collected by Miss Redmon will make a total of 2,000, contributed by the people of Paris and the county. They need not stop at that, as many more can be used yet. Send in your books!

RED CROSS WORK IN THE MOUNTAINS.

The interest displayed in the Red Cross in the mountains is as wonderful as it is gratifying. Nearly every one has a close relative in the army or navy, and they have written home, telling what the Red Cross is doing for them. There won't be any trouble raising the quota in the mountains and if the rest of the State will respond as liberally there will be no doubt as to the final outcome. The \$900,000 will be subscribed with thousands to spare.

SECOND DETACHMENT OF DRAFTEES GO TO FT. THOMAS

Following the detachment of thirty-eight men who left Paris, Monday for the army camp at Camp Zachary Taylor, another squad of drafted men, called to the colors under the draft act, left Paris, Wednesday morning for Ft. Thomas, where they will go into intensive training to become members of Uncle Sam's National Army.

The men reported to the Exemption Board at the court house at four o'clock Tuesday afternoon. After the roll of names had been called and all were announced as being present, Chairman C. A. McMillan delivered the instructions to the men and announced the appointment of Richard Manning Kirby as captain. Mr. Wade Hampton Whitley delivered a patriotic address to the men. At the conclusion of the address an announcement was made that two young men, Henry Metzger and Wm. P. Quinlan, had asked the Board to send them with the detachment as volunteers, and that their request had been granted.

The boys were guests at a dining Tuesday evening at seven o'clock, given in their honor at the Stout Cafe, by Mr. M. Peale Collier and Mr. N. Ford Brent. Toasts were proposed and responded to, and the men had a general good time among themselves and with their hosts and a few specially invited guests. The boys were provided with a liberal quantity of tobacco, cigarettes and toilet articles, donated by the patriotic citizens of Paris and the county.

At seven o'clock Wednesday morning the members of the detachment presented themselves promptly, and were formed in line of march. Headed by the members of the Exemption Board, Mayor January and others, and under the command of Capt. Richard Manning Kirby, they marched up Main street, to martial music furnished by the Paris Drum Corps, to the Tenth street passenger station of the Louisville & Nashville, where they entrained for the trip to Ft. Thomas. The men composing this detachment were:

- 709—Ezra Clay Elmore.
- 713—Henry Herrington.
- 721—Frank Mullen.
- 722—Conlus Wells.
- 727—A. J. Burnett.
- 728—Eldred Burns Richard.
- 736—Elmer Caywood.
- 762—Adrian Ramey.
- 769—Cecil Snapp.
- 772—Richard Manning Kirby.
- 790—Jesse Roe.
- 791—Herman Hill.
- 797—S. S. Bush.
- 804—Wm. Lawrence.
- 808—Howard Oliver.
- 812—Silas Smith.
- 833—John Wm. Webb.
- 843—Robert M. Pollitt.
- 845—Carl Lenox.
- Henry Metzger.
- Wm. P. Quinlan.

One hundred and sixteen white and 121 colored draftees are yet left in Class 1 of the Bourbon county selective draft. Subject to call in Classes 2, 3, 4 and 5, without regard to color are the following: Class 2, 18; Class 3, 68; Class 4, 733, and Class 5, 215. It is rumored that another call will be made for men to report to the Exemption Board ready to leave for some army camp on May 10, but no official notice has yet been given out regarding the call.

REAL ESTATE DEALS.

Mrs. Georgia Fithian Webb and Miss Nellie Fithian purchased this week of Mr. Wm. B. Ardery, Jr., the two-story frame residence at the corner of Vine street and Stoner avenue, for a private price. They will make extensive improvements in the place and will occupy it as a home.

Mr. J. C. Nickerson, representing the L. & N. Railroad Co., purchased this week a small frame cottage on Washington street, near the L. & N. tracks, for \$650. The sale was made through the Paris Realty Co. The cottage will be converted into a section house for the use of employees of the Maysville branch.

Castleman, Riley & Toulle, of Cincinnati, sold this week to Rev. R. H. Herrington, of Paris, the Collum farm near Cincinnati, for \$13,000. The farm contains 207 acres, one hundred acres being heavily timbered. Rev. Herrington purchased the property as an investment.

Mr. and Mrs. William Cooper, who are now occupying the Thompson property on Stoner avenue, have purchased the handsome bungalow of Mr. and Mrs. Rollie B. Cameron, at 1520 Cypress street, at a private price. They will get possession of the new home about May 15.

The residence they are now residing in was sold recently by the owners, Lieut. and Mrs. Percy A. Thompson, to Mr. and Mrs. Galloway, of near Paris.

LICENSE COLLECTIONS GOOD

Wednesday was a very busy day for City Collector Wallace W. Mitchell, at the Farmers' and Traders' Bank. The first day of May all licenses fall due, and the office was besieged by a large number whose business required them to have a license. There was considerable demurring and feeling over the increase made in many lines by the Council, but as it was necessary to have the license in order to transact business there was a rush to get in line at the Collector's desk. No licenses were issued for sale of soft drinks containing the legal percentage of alcohol. The first day's receipts by the Collector for licenses aggregated \$2,194.50.

MAN WHO SLEW ARCHDUKE AND STARTED THE WAR DIES.

Gavrilo, Prinzlip, the assassin of Archduke Francis Ferdinand, heir apparent to the Austro-Hungarian throne, and his wife at Sarajevo, Bosnia, died Tuesday in a fortress near Prague, of tuberculosis, telegraphs the correspondent of The Hague of the Exchange Telegraph Company, to London.

Prinzlip shot to death the Austrian Archduke and his wife while they were on a visit to the Bosnian Capital on June 28, 1914, and out of this double murder the European war developed. Prinzlip, who was a student, was found guilty and sentenced to twenty years imprisonment.

Prinzlip fired the explosive bullets from a revolver at the Austrian heir apparent, the first striking the Duchess of Hohenberg, the Archduke's morganatic wife, in the abdomen, and the second taking effect in the neck of the Archduke. Bot bullets caused death within a short time.

Earlier in the day Medeljo Gabrinovic, a typist of Siberian nationality, had thrown a bomb which the Archduke ward off with his arm so that it exploded some distance from his auto. The bomb injured six persons. Gabrinovic was sentenced to twenty years imprisonment. Four other conspirators were sentenced to death by hanging, one to life imprisonment and one to twenty years in jail.

MAYOR'S PROCLAMATION

In accordance with the desire of earnest Sunday school workers and others interested in the success of the Go-to-Sunday-School movement for next Sunday, May 5, Mayor E. B. January has issued the following proclamation:

"Whereas, The Kentucky Sunday School Association, an organization representing all of the Sunday Schools of our State, has appointed May 5, as Go-to-Sunday-School Day, hoping to have one million people in Sunday School on that day; and

"Whereas, We all desire to produce a greater and better Kentucky and believe that one of the most helpful ways of securing better citizens is by gathering ourselves together in the Sunday School to study the Word of God;

"Therefore, I, Mayor of Paris, Kentucky, call upon all of our citizens to co-operate in the Go-to-Sunday-School Day Campaign and urge all visitors who are among us to attend Sunday School on Sunday, May 5, 1918.

"E. B. JANUARY.
Mayor of City of Paris."

HERE'S SOMETHING OF THE GREATEST IMPORTANCE.

Postmaster General Burleson recently issued an order prohibiting the acceptance for mailing of packages which contained articles not nest at the written request of soldiers with the expeditionary force in France and approved by the regimental or higher officers in command. All packages not in compliance with this order will be returned from the New York Postoffice.

Many of the articles being shipped to the soldiers in parcel post can be purchased by them at the post exchanges or the Y. M. C. A. huts and to ship them from this side will be useless and additional expense. In mailing packages they must be marked, "This parcel contains only articles sent at approval request of addressee, which is enclosed." The written request must be inclosed in the package, or it will not be sent to France.

HOUSE RATIFIES BILL TO DRAFT YOUTHS NOW 21.

The House late Wednesday adopted the Senate resolution for the registration for military service of young men who have reached the age of 21 years since June 5 last. The measure now goes to conference.

A amendment offered by Representative Hull, of Iowa, and adopted 119 to 81, provides that men registered under the bill shall be placed at the bottom of the classes to which they may be assigned.

Representative Kahn, of California, ranking Republican on the Military Committee, told the House the proposed new registration would place from 500,000 to 700,000 new registrants available for military service. In that connection he recalled that Germany recently called in to service its class of 1916 consisting of approximately 550,000 men.

NAVY RECRUITING PARTY TO BE HERE TO-DAY.

Chief Gunner's Mate Emmet Foye, of the U. S. Navy recruiting station at Lexington, with his party, will be at the court house to-day for the purpose of receiving applicants for enlistment in the navy.

SOME DANGEROUS FOES.

Our most dangerous foe in the present great world was the man who persuades himself that the Kaiser will soon be whipped and driven back into his own national boundaries. The next is the man who "don't believe in fighting." A third is not particularly a foe but a contemptible something you cannot name without apology to the ghoul—the man of that low and mercenary nature that would make profit of this awful tragedy of human woe and carnage of death. That we have these particular types may not be the cause of such fearful upheavals, but the less we have of them, the easier they are to suppress. The wrong is often strong only in proportion to the unbelief, moral cowardice and mercenary nature of the non-resisting or those who have no part—Cumberland Presbyterian Banner.

Rightly stated—but then we have other dangerous foes in the guise of so-called patriots who chirp to the cry, "You must not criticize the Government, because that is disloyal." Such people are more interested in party than in country; more interested in saving the reputation of some incompetent official than in saving the lives of soldiers; more interested in suppressing the truth for fear somebody will be hurt politically, than in saving the nation.

This country needs to know the truth. We are not a nation of babies, fearing to face facts, but many people appear to think so. It is only by overturning the log and letting in the sunlight—that the worm-eaten, barren land gives forth fresh and vigorous life to vegetation. "Let in the sunlight of truth everywhere" should be the nation's rule.

SOUTH AFRICA FINDS NEW FABRIC FOR PAPER.

South Africa has discovered a new source of paper supply. About 40,000 tons of bark of the wattle tree are exported annually from South and East Africa for use in tanneries, and experiments show that the bark, after the tanning properties have been removed, is capable of being converted into excellent brown paper or mill board.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that have made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E.

ECHOES FROM THE STATE
TEACHERS' MEETING.

Bourbon county teachers who returned the first part of the week from Louisville, say it was one of the best-attended and one of the most interesting sessions they have ever attended. There was an attendance of about 2,800 teachers.

The teachers visited Camp Zachary Taylor in a body, viewed the grounds and buildings, and were very much impressed with the new Browning gun just brought to Camp Taylor, as well as the miniature battle in trench war and the bayonet charges. Many prominent speakers from a distance were present and gave both interesting and instructive addresses.

Every phase of the war was discussed by these men, teachers being urged to inculcate and encourage patriotism, and to teach history with a view to showing their pupils how the map of Europe was being changed, as it had never been taught in the past. They also placed great stress upon the training of the child of today. The K. E. A. had a splendid financial report on hand, also having sufficient funds with which to purchase \$500 worth of Liberty Bonds. County Superintendent Orville Stivers, of Jefferson county, was elected president for the ensuing term. The Reading Circle books adopted were: Science; teaching of vocational guidance; school gardening; school now and after the war. The first two books are the basal books for Theory and Practice questions for examination. Teachers who are expecting to take examination should read these books.

CAMP DANIEL BOONE.

Member of the Girls' Clubs of the Y. W. C. A. in this city have been apprised by letter that Camp Daniel Boone, on the Kentucky River, near Valley View, has been selected as the meeting place for this summer of the High School Girls' Y. W. C. A. Conference. The time will probably be in August, immediately after the summer camp of the Lexington Y. W. C. A. city girls.

A very attractive program is being prepared by the secretaries who have the Conference in charge. Interesting speakers and entertainers have been selected to appear on the program. The definite plans have not yet been arranged, but will be announced later.

TAYLOR WILL PROBATED.

The last will and testament of the late Rev. Dr. W. F. Taylor, whose death in Jacksonville, Fla., was recorded in the last issue of THE NEWS, was probated Tuesday. By the terms of the document the sum of \$5,000 is bequeathed to a brother, \$5,000 to Methodist Church Board of Extension, \$8,000 to the Methodist Board of Missions, and the remainder of the estate, valued at approximately \$14,000, is left to the Kentucky Wesleyan College at Winchester.

Rev. Taylor was for several years pastor of the Methodist church at Paris, and was the oldest member of Paris Lodge F. & A. M. No. 2.

THIRD BIENNIAL REPORT OF
GAME & FISH COMMISSION.

THE NEWS is in receipt of a copy of the third biennial report of the Kentucky Game and Fish Commission, issued from the office of the Commission at Frankfort, under the supervision of Mr. J. Quincy Ward, Executive Agent.

The report is a most comprehensive and interesting one, setting forth the good work done by the Commission and its agents throughout the State in enforcing the State game and fish laws. The report contains a tabulated report showing the number of arrests and convictions made in the counties of the State from October 1, 1915, to October 1, 1917. In this report it is shown that only twelve arrests were made in Bourbon county in that time for violations of the laws, a testimonial to the watchfulness of the Wardens and the Special Deputy Wardens. Of these arrests two were made by Justice E. P. Thompson, of the Millersburg precinct, three by Special Deputy Warden Bush T. Bishop, of Paris, and seven by former State Game Warden George M. Hill, of Paris. Mr. Hill and Mr. Bishop are also credited with participating in arrests in Clark, Franklin, McCracken and other counties. In all of these cases convictions were secured, and heavy fines assessed against offenders.

The report also shows that in 1915 there were issued to sportsmen of the county 311 hunting licenses, in 1916, 788, and in 1917, 859.

L. & N. EMPLOYEES IN LIBERTY
LOAN CAMPAIGN.

The employees of the Louisville & Nashville, on this division have "gone over the top" in their Liberty Loan subscriptions in the Third Liberty Loan campaign, as evidenced by the report submitted by the workers to Superintendent J. A. Morrison and Trainmaster Joseph J. Grose, in the Paris office.

Up to the time the report closed there had been subscribed a total of \$71,000, which was handled through the Paris office. The subscribers represented nearly every branch of the railroad service. A large number of day laborers were purchasers of bonds, while others invested their surplus earnings in War Savings Stamps. Practically every employee on this division was interested in the campaign. The amounts invested ranged from \$50 to \$1,000. The campaign is still going on, and later reports will swell the amount considerably above the \$75,000 line.

CHANGE IN POSTAL REGULA-
TIONS.

Postal regulations have been amended to read as follows: "War Savings Certificates may be registered at any non-money order postoffice of the fourth class, which is a central accounting office, providing that postmasters at money order district postoffices of the fourth class may only be authorized to register certificates upon application approved by the third assistant postmaster general."

ODD FELLOWS CELEBRATE NINE-
TY-NINTH ANNIVERSARY.

The lodge room of the Bourbon Lodge, I. O. O. F., at the corner of Main and Fifth streets, was the scene of an enjoyable event last Monday night, when a large assemblage of Odd Fellows, and visiting members from other places gathered there to celebrate the ninety-ninth anniversary of the founding of the order and to witness the initiation of a class of twenty candidates into the mysteries.

There was general regret manifested over the absence of Grand Master Beckham Overstreet, of Louisville, who had expected to be present and take part in the exercises. On account of a recent bereavement in the family he was unable to be present. He sent a message regretting his inability to be present, but said that he would come at a later date. Grand Secretary R. G. Elliott, of Lexington, and Mr. Charles Clendenin, of Eminence, Superintendent of the Home at that place and a former member of the Paris lodge, were present and made interesting addresses.

The twenty candidates who took the degrees at the meeting on Monday night were: Rev. G. R. Combs, J. O. Banta, A. A. Pogue, F. E. Faulconer, Luther Grinnell, Chas. Owens, S. E. McKee, S. P. Mahoney, Ben Posner, R. H. Wills, B. Cavanaugh, Matt Bedford, Sherwood Williams, S. B. Clift, Grant Jefferson, Jacob Saloshin, Harmon Turner, Harry Linville, W. E. Mastin and W. M. Walters.

Among the visiting brothers were Lee Chandler, C. A. Cooper, Harry Whitaker, J. F. Dunn, J. A. Horton, James Paynter, Samuel Arnold, Dan Donnell, A. W. Lizer, C. O. French, J. F. Ritchie, Cynthia; Grand Secretary R. G. Elliott, Lexington; B. F. Bivin, Grassly Lick; Arnold Case, J. S. Shoptaugh, E. M. Thomason, Millersburg; C. H. Bradford, Bradford; A. V. Douglass, Winchester.

The occasion was a thoroughly enjoyable one, and was a marked event in the history of the lodge. About one hundred and fifty members of the local lodge were present.

ELECTED SECRETARY OF COUN-
TY HIGH SCHOOLS.

At the recent meeting of the Kentucky Educational Association, held in Louisville, Miss Folsom McGuire, principal of the Millersburg Public School, was elected Secretary of the County High Schools Association, to serve for the ensuing year.

Miss Bernice Bonar, a pupil from Miss McGuire's school, won first prize for penmanship at this meeting. This was the only competitive entry from the Millersburg school.

CHURCH DEDICATION.

On next Sunday, May 5, the new home of the Christian Faith Band, a colored religious sect in Ruckerville, will be dedicated with appropriate and impressive ceremonies. The dedication services will take place in the afternoon at three o'clock, following the dedication sermon by Rev. W. S. Saunders, of Lexington.

KNIGHTS OF COLUMBUS WAR
FUND CLIMBING.

Paris and Bourbon county reported late Tuesday evening to the headquarters at Lexington that the sum of \$2,050 had been raised in the city and county in the campaign for the Knights of Columbus war fund. The Knights of Columbus have procured the services of Weber and his band, who are playing at the Lexington races, to give a concert at the Woodland Park Auditorium, in Lexington, next Sunday afternoon at three o'clock. The admission will be placed at 25 cents, which will be devoted to the War Fund. Miss Katherine High and Frank Simons, the same soloists who pleased everyone at the Red Cross concert last Sunday, will again assist Conductor Weber and his band.

STATEMENT OF THE COUNTY'S
FINANCIAL CONDITION.

In this issue of THE NEWS, on pages two and three, appears the statement of Bourbon county's financial condition, as presented by the committee from the Bourbon Fiscal Court, appointed for that purpose and prepared by Mr. Silas E. Bedford, County Treasurer.

This is the first statement that has been published for some time. It shows to a cent the receipts and expenditures in and out of the county funds for the time specified, and is thoroughly convincing in its way that Bourbon county has a conservative, economical, money-saving Fiscal Court, and a live-wire County Treasurer. It may be dry reading to some, but to the tax-payer who wants to know what has become of the money, it is "some statement."

INJURED IN RUNAWAY

Mrs. Charles Payne, wife of Mr. Charles Payne, former of the L. & N. bridge carpenters, residing on Parrish avenue, sustained a broken leg and other injuries Tuesday night when her pony ran away. The animal took flight at something on the side of the street, and ran away, throwing Mrs. Payne out. Her leg was broken between the knee and hip and she sustained severe bruises. Mrs. Payne was removed to her home, where she was given medical attention.

VISITATION OF FROST.

Old Jack Frost paid this section an unexpected visit yesterday morning, and there is much speculation among gardeners and growers as to whether his visit will be followed by disastrous consequences to their gardens and young crops.

At an early hour yesterday morning the ground was white, remaining so until the coming of the sun, which soon dissipated it. The weather had been threatening for several days previous, a cold, raw wind making the situation disagreeable. Gardens which have been awaiting the coming of warm sunshine are now liable to get a backset.

GO-TO-SUNDAY-SCHOOL SUNDAY, MAY 5.

The Kentucky Sunday School Association is sending out the call to all the Sunday schools of the State to go to larger and better things than ever before on May 5. Some wonderful things have been done in previous years, but we want to even surpass these this year. Whether because of war or weather, or both, or something else, the attendance at Sunday schools in Kentucky has not been as good as it should have been since the first of the year. So let us speed up! Fill up the ranks! Carry on! Double your attendance on May 5, 1918. Every person who can possibly do so should be in some Sunday school that day.

COMING ATTRACTIONS AT THE GRAND AND ALAMO.

To-day, Friday, May 3—Ladies' and Government day. Two ladies admitted on one paid admission, plus the war tax. Charming Anna Pennington, in "Sunshine Ann," adapted from the story by Alice Heagan Rice; King Baggot and Marguerite Snow, in eighth episode of "The Eagle's Eye."

MARINES WOULD ALL GO THROUGH H. FOR PERSHING.

"Believe me, there isn't a Marine in France who wouldn't go through hell for General Pershing."

This is the grim and laconic manner in which the "Soldiers of the Sea" pay tribute to a letter Mrs. W. M. Walton, of Atlanta, Ga., received from her son, James, who is a member of the Corps now fighting in France.

General Pershing has frequently praised the Marines on various inspection tours and has thereby endeared himself to the men of that service.

"Square-heads" are what the Marines call the Germans, writes Private Walton, who wears a sniper's medal.

"Take Your Medicine Boys--Be Men!" Says Artillery Recruiting Officer

"Take your medicine, boys!—be men!" These are the words of exhortation uttered by Corporal John A. Nichols, U. S. Artillery, of the army recruiting station, this city, and he ought to know! The corporal has gathered many men to the aid of General Pershing, and is loud in his praise of the patriotic attitude of the young men of this city, so many of whom have enlisted without awaiting to be drafted. He said yesterday:

"There is one little 'tip' I wish to give the many young men of this locality. I am only too glad to make this information public, for the good of the service, in that it may be the means of qualifying many young men who are anxious to do their bit, but who are underweight, anaemic, or otherwise physically unfit.

"I was suffering from general debility and was badly run down. I had no appetite, my blood was in poor condition, I was as nervous as could be, and could not rest well at night.

"Fortunately, a druggist friend of mine recommended that I take A-I-M, and, consequently, I am to-day as fit as ever, and have the same old 'pep' to my step.

"Acid Iron Mineral is a wonderful tonic. I began to increase in weight and strength almost immediately, and it has put good color back into my cheeks again."

If you are run down, anaemic,

worn out, lack bodily vigor, sleep poorly, have no appetite or lack weight—go to your regular druggist and get a bottle of Acid Iron Mineral. Try it a week or two. Then, if it has not made a new man of you return the bottle and your money will be promptly refunded.

Acid Iron Mineral not only thins the blood, but strengthens and invigorates it. For those who suffer from the effects of thickened, heavy blood, coagulated and polluted with the waste matter of the winter's accumulation, A-I-M stands without a peer; for it not only thins and purifies the blood, but carries the various impurities out of the system—naturally and effectively. As a general "spring tonic" and as a prompt relief for that "tired feeling" and run-down condition so prevalent at this season, it remains the only natural, non-corrosive, fully assimilable and digestible iron known to medical science.

On the market over thirty years, and with thousands upon thousands of testimonials from physicians, lawyers, clergymen, pharmacists and laymen who testify to its merits, A-I-M is the only remedy which is sold with the distinct understanding that its purchase price will be refunded if it fails to benefit in every possible degree. Reject all spurious imitations which profit-seeking druggists try to foist upon you, and demand the original Acid Iron Mineral. (adv.) ***

SECT. DANIELS SAYS "NAVY IS ON ITS TOES."

Josephus Daniels, Secretary of the Navy, while in New York at the banquet of the American Newspaper Publishers' Association, gave out the following message to the public through the Associated Press:

"The American navy is on its toes. War was declared April 6. We had destroyers in European waters May 6. More on the 17th, more on the 21st and others later on. The operation between Admiral Sims and

the other four American admirals and the British is perfect and the results speak for themselves."

Secretary Daniels, when asked if he would comment on the British naval exploit in raiding Zeebrugge, said he did not feel free to make any statement until he had received the report of the British Admiralty.

As a general thing, after the last girl in the family has married and moved away mother begins using the brush for her own hair.

LAY IN YOUR WINTER STOCK OF COAL NOW.

The public is being educated up to the importance of laying in their coal now for next winter's consumption. Letters from the Federal Fuel Commission at Washington have been published in the dailies and the weekly papers all over the country, pertaining to the following, just received here by Mr. James H. Thompson, Federal Fuel Administrator for Bourbon county:

"To All Chairmen Federal Fuel Committee:

"As information and for publication in your local newspapers, the following is quoted as emanating from the Washington office:

"The Fuel Administration is greatly encouraged by reports from many parts of the country as to the progress of its campaign for the early ordering of next winter's supply of coal by both domestic and industrial coal consumers, particularly in the Eastern part of the country. A flood of orders for next winter's coal supply is reported. Both coal producers and retailers report orders filed vastly in excess of the amount available for immediate delivery.

"With millions of tons ordered, of course it has been impossible to effect complete deliveries. This has given rise to some complaint among those who are patriotically responding to the request of the Fuel Administration and have sought to lay in their winter's supply. It will be readily appreciated, however, that the mines produce and the railroads cannot deliver the whole annual supply of the country within two weeks. The Fuel Administration, however, will exert every effort to expedite deliveries and to effect the distribution of a maximum amount of coal during the summer months.

"With the country's coal supply largely ordered ahead, the Administration will be in a position to act promptly and facilitate the movement of an adequate supply of coal to meet the demand. The railroads will be enabled to judge of the traffic facilities which must be made available for aiding coal production and for distributing the supply.

"The fact the consumers cannot secure immediate delivery should not deter them from placing their orders at once. These early orders once on the books become the basis for the determined drive to secure an adequate production and prompt distribution. DOUBT DISAPPEARS

No One in Paris Who Has a Back Should Ignore This Double Proof.

Does your back ever ache? Have you suspected your kidneys? Backache is sometimes kidney ache. With it may come dizzy spells; Sleepless nights, tired, dull days; Distressing urinary disorders. Doan's Kidney Pills have been endorsed by thousands.

Are recommended here at home. You have read Paris proof. Read now the Paris sequel. Renewed testimony; tested by time.

Mrs. G. W. Newman, E. Tenth St., Paris, says: "I had headaches and backaches and at times was very nervous. My kidneys were weak and inactive. I heard about Doan's Kidney Pills and used them and they soon had me feeling better in every way."

Mrs. Newman gave the above account of her experience with Doan's Kidney Pills on January 17, 1912, and on November 9, 1916, she said: "I still use Doan's Kidney Pills at times when I find it necessary. I have always received the same good results, although I do not have so much trouble as I used to."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Newman had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

NEW YORK MAKING FIGHT ON GERMAN NEWSPAPERS

The campaign to suppress the circulation of German language newspapers in New York has been augmented by action taken by the executive committee of the National Security League committing its membership of 100,000 in support of the movement.

Colonel Charles E. Leydecker, chairman of a special committee, was authorized to ask the board of aldermen to revoke the license of any news dealer in New York City selling German newspapers. A resolution also was adopted approving the work of the special committee in suppressing foreign language papers in New York City, New Jersey and Connecticut, and in curtailing German in the public schools.

The Password for Tires

CHALLENGE every tire before you buy. Make it give the watchword of tire quality, Tested. Make it show the countersign of tire supremacy, the Goodrich trademark. If a tire answers "Goodrich Tested," buy it. It is a friend.

It will give you full and lasting service because its service, put to the nation-wide road test of Goodrich Test Car Fleets, has measured up to the Goodrich standard of tires, the Tested of—

GOODRICH TESTED TIRES

There is no risk with the tire that can give the password "TESTED," for no weakness, no structural failing, could hide itself during the month to month, season to season, testing of the Test Car Fleets.

SILVERTOWN CORDS, and BLACK SAFETY TREADS, challenged America's roads, and under light and heavy cars fought sand, gravel, and rock, in rain, mud, snow, and slush, and defeated them. The spiral-wrapped, cable-cord tire body stood staunch against the hammering of mountain trails. The close-clutch, cross-barred, non-skid black safety tread, baffled the teeth of desert and prairie paths.

Demand this password of all tires before you buy, and you will get the durability, dependability, and economy of the tires which the roads of every region of our land proclaim, "America's Tested Tires."

GOVERNMENT BADLY NEEDS TRAINED MEN.

How many of us realize what would become of our forces in France if the organization at home for producing the material of war should fail? Charging armies and thundering battlefields are easy to visualize, but not so easy to accomplish. There can be no going "over the top," no paralyzing broadsides, unless, to sustain the blow, there is material in abundance to back up the human effort.

Right now the civilian branches of the Army and Navy are in urgent need of thousands of highly trained workers, and before this year passes these branches must be increased by at least 20,000. The Ordnance Department of the Army needs great numbers of men who are trained as mechanical engineers, mechanical and other kinds of draftsmen, chemists, metallurgists, and the like. Literally thousands of inspectors are also wanted for the work of passing upon the quality of everything conveyable in the way of ordnance, ammunition and other munitions. For office work the Ordnance Department wants a great many statisticians, accountants, experts and assistants in business administration, and clerks trained in special lines, such as clerks qualified in business administration, index and catalogue clerks, and clerks qualified in statistics or accounting. The Quartermaster Corps of the Army is in need of several thousand examiners and inspectors of everything that enters into the personal and camp equipment of the soldier. Passenger and freight rate clerks are also wanted in this branch. The Signal Corps of the Army is short of aeronautical mechanical draftsmen. The Navy has an unlimited number of places for draftsmen of various kinds and for a long list of technical workers. Practically all branches of the service are in need of stenographers, typists, bookkeepers, statistical clerks, multigraph operators and calculating machine operators.

The United States Civil Service Commission, whose duty it is to fill these civilian positions, urges, as a patriotic duty, that qualified persons offer their services for this work, work vital to pushing the war. Good salaries are offered, and the work is all in the United States. With the exception of a few of the clerical positions, applicants will not be assembled for written examinations, but will be rated upon their education, training and experience, as shown in their applications, supplemented by corroborative evidence. Representatives of the Civil Service Commission at the postoffices in all the cities are prepared to furnish definite information and application blanks.

ABOUT RHEUMATISM.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

THOUSAND MORE SECRETARIES NEEDED FOR FRANCE.

Out of the desperately tired ranks of the Allies in France and Flanders comes an urgent call for one thousand Y. M. C. A. secretaries.

The cablegram conveying the call was censored, but the elisions were said to be eloquent of the terrific

strain of all engaged in the great battle. The Y. M. C. A. men, who must be above draft age, follow the firing line, bringing such comfort as is possible to the fighting men.

Tanlac.

"Instead of feeling all run down and dreading to start out for my day's work as I did just a short time ago, I now am healthy and cheerful and feel confident of myself. Tanlac is the reason," said McClellan Breaden, 224 West Jefferson street, Louisville, Ky.

"My system got run down all over I couldn't sleep at night and never got my rest as I should. I felt so bad when I got up in the morning that I just dreaded to start out for my work. I dreaded to go to bed at night, too, because I knew I wouldn't be able to sleep.

"My appetite was poor also. I didn't eat much and I guess that was why I started losing weight. I lost about ten pounds.

"In my weakened condition my work as a carpenter was a real hardship.

"Well, I started taking Tanlac. I took three bottles in all and my health is a lot better.

"I sleep soundly every night now and get good rest. I feel ready for my work when I get up in the mornings, too.

"My appetite is natural again and I've gained back most of the weight I'd lost."

COTTAGE CHEESE WORKER FOR KENTUCKY.

Miss Dorothy Ratliff, of Princeton, Ky., one of 47 women agents named for as many States, is to co-operate with Federal and State agricultural and home-demonstration agents in Kentucky. Miss Madge Reese, formerly State home-demonstration agent in Alabama, is the leader in the cottage-cheese work for the Southern States.

The work in Kentucky will be part of the Department of Agriculture's National campaign, in co-operation with the United States Food Administration, to encourage the use, as well as the production, of cottage cheese, which experiments by the department have shown is equal in food value to meat. Cottage cheese can be made from skim milk or buttermilk, now largely wasted or fed to animals, and its extended use is expected to save a large amount of meat which can be used by the armies and allies of America.

DO YOU ENJOY LIFE?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

Y. M. C. A. NEEDS MORE WORKERS.

The necessity for increasing the number of Y. M. C. A. workers with the American and French armies is set forth in a statement received here today from the National War Work Council of the Y. M. C. A. by Z. L. Wilcox, chairman of the local recruiting committee for Y. M. C. A. workers. Cablegrams from Army Y. M. C. A. officials now in France point out the extreme importance of this service for the soldiers and call upon America to furnish 360 men in addition to the regular quota of 300 men already asked for and the 300 previously requested for the French army.

"Our chief secretary in France, E. C. Carter, writes that there are more than a hundred important ports without workers," said Mr. Tevebaugh. "Forty-seven of these are near the front and 38 are actually under shell fire. We believe that no college or bank presidency or big city pulpit is of so great national importance as a hut secretaryship in France."

"The French government, through its premier and commander-in-chief, has asked for an immediate extension of the Y. M. C. A. to the French armies. Knowing that we could not supply all the needs at once they have asked us to supply 250 men a month to man their Foyers de Soldat. The Italian army wants fifty men at once and promises to place at their disposal young Italians who can be trained quickly to extend the work on the Austrian front."

"Every Y. M. C. A. secretary in the country is burdened with the extra task of finding other men fitted to take up Y. M. C. A. work for the soldiers at home and abroad. We are seeking to enlist in the country at large in the next thirty days 400 men for service in the United States; 400 for service with the American Expeditionary force under General Pershing; 300 for the French army huts; 100 to supplement the work in English Y. M. C. A. huts, and 75 to be sent to Italy."

"This is the service which requires the highest type of manhood. We are particularly seeking successful business and professional men, those of high Christian character, good mixers, men resourceful and adaptable to conditions as they find them. We want the highest class of men America has produced, for the highest type of work of their fellowmen which can be offered."

"Some of them will be sent perhaps actually up to the firing line. All will see conditions which tear men's souls. It is not an adventure filled with romance; there will be plenty of drudgery, long hours, and high tension, nerve-racking work. It demands ability to keep cheerful and bring inspiration to other men who are war weary, homesick, and discouraged, and who are facing unusual temptation. It involves actual danger. It is no task for a man fond of ease or of low physical vitality. Yet we believe there are plenty of men who will find in the call to this service an opportunity of doing the greatest work of their lives, and that there are many who would offer themselves if they thought they could qualify."

"We also want chauffeurs, mechanics, accountants, clerks and stenographers, construction men to build huts, shipping men to handle the supplies, and many others."

There are at present 2,335 American Y. M. C. A. workers in Europe. One hundred and fifty of these were compelled to retire before the German advance into Russia and are now in Siberia awaiting an opportunity to return.

Men who will consider this call please communicate with Mr. Wilcox at the Y. M. C. A. building and arrangements will be made for the Bourbon county men to attend the Recruiting Conference for Army Y. M. C. A. at the Phoenix Hotel, Lexington, Wednesday, May 1st.

Science Solves the Butter Problem with Butter Made from the White Meat of Cocoanuts

Just when the price of butter threatens to make it an unattainable luxury, science perfects TROCO, the new vegetable butter made from the white meat of the coconut.

It tastes exactly like the finest creamery butter and is even more wholesome and pure.

It is churned with fresh Pasteurized milk to give true butter flavor.

Because of old laws, made before this discovery, we are compelled to label this nut-made butter as oleomargarine.

But it contains no oleo oils—no hog or beef fat, nor any preservatives.

TROCO is simply vegetable fats, churned with milk for the butter taste.

Yet this appetizing combination costs no more than does the best grades of oleomargarine.

TROCO

Can't Be Told From Butter

TROCO has all the good qualities of fine creamery butter. The only difference you will notice is the cost.

It is as nutritious as cream butter, and as easily digested. It possesses the fuel value needed for energy.

TROCO when served has butter's golden color, because we supply the same vegetable coloring used by all butter makers.

Served on your table, without explanation, no one can tell the difference.

Goes Farther In Cooking

TROCO, used in cooking, gives the same results as butter, except that it goes farther. Cooks should remember this and reduce the amount.

TROCO NUT BUTTER CO., Milwaukee, Wis.

B. A. BRINKER CO., Cincinnati, O.,
DISTRIBUTORS

NOTICE: Under the law, all butter substitutes must be branded Oleomargarine. That law was passed before TROCO was invented. So the TROCO package is branded "Oleomargarine," though there is no oleo in it. All butter substitutes must pay an extra tax if colored. So the color for TROCO comes in a capsule. Add it yourself, as you do with Oleomargarine.

GOVERNMENT WARNS AGAINST KILLING CARRIER PIGEONS

Killing of carrier pigeons belonging to the United States army has seriously interfered with that branch of the training at Camp Zachary Taylor. According to the authorities in charge, many pigeons have been lost within the last few weeks. Only a few days ago, seven pigeons were turned loose at West Point, Ky., eighteen miles from the camp. Of these, only two returned to the pigeon loft, and both of these were seriously injured by shot gun wounds. The officers in charge believe that none of this shooting is with intent to kill the Government pigeons, but as one officer expressed, "Is simply an example of the thoughtless boy with a shotgun."

"Carrier pigeons are of vital importance in modern warfare," said Major Clarence A. Dougherty, 84th Division Signal Officer, under whose jurisdiction falls the work of training the pigeons. "They carry messages when other means fail and it is very important that each division have a well trained corps. It is earnestly requested that people refrain from shooting carrier pigeons. Inasmuch as it is quite impossible for the ordinary person to distinguish between a carrier pigeon and other types of pigeon, it is asked that they be very careful in shooting any kind of pigeon."

"Very often the carrier pigeons will stop to rest at strange lofts. Persons who discover these pigeons should examine them carefully and see that they are not carrier pigeons before getting rid of them. Each

pigeon owned by the Government has a small band on the leg marked 'U. S. A. '18.' When any pigeon with this marked be found dead, it is requested that the band be taken from the leg and mailed to the Division Signal Officer, Camp Zachary Taylor, Ky."

Major Dougherty said that legislation was being passed to make it a federal offense to kill the carrier pigeon, but in the meantime he is appealing to persons living within the vicinity of the camp to be very careful to see that no harm comes to them.

PRINT PAPER SITUATION IS WORRYING TO COMMISSION

Elimination of wastes and curtailment of consumption of print paper in every way possible as a patriotic duty was urged on publishers by the Federal Trade Commission in announcing publishers' statistics for March. The figures indicate a considerable increase in percentage of returns of daily newspapers and free copies of weekly and monthly newspapers. The average size of both daily and Sunday newspapers show considerable increase in advertising. Weekly, semi-weekly and monthly magazines, however, showed a considerable decrease in average size.

HOME GUARDS MUST NOT ARM SELVES.

While Adjutant General Ellis is undertaking the reorganization of a State militia, his attention has been called to several home guard organizations that are arming with shot-guns or seeking arms.

General Ellis said he feared some of these, with the best intentions in the world, may get into trouble on account of Section 136, of the Act of 1916, which makes it "unlawful for any body of men, other than the regular organized militia or troops of the United States to associate themselves together as a military company or other armed organization or to drill or parade with arms anywhere within the State without license of the Governor thereof."

DEATHS.

RITCHIE.

—Mrs. Amanda Ritchie, wife of Mr. John Ritchie, died at their home at Shawhan, Monday evening at 7:30 o'clock, from paralysis, after an illness of five days. She is survived by her husband, three sons, Ethel, Howard, and Ray Ritchie, and two daughters, Bessie and Mattie Ritchie; also by three brothers, Robert, Washington and Daniel Simms.

Mr. and Mrs. Ritchie were married in Maysville on May 17, 1886. They had been residents of Shawhan about ten years. Before their removal to Shawhan, Mrs. Ritchie as Miss Simms, had resided in the vicinity all her life. She had been a life-long member of the Presbyterian church.

The funeral was held at the Shawhan church Wednesday morning, with services conducted by Rev. A. S. Venable and Rev. S. F. Rhodes. The interment followed in the Ruddle Mills Cemetery. The pallbearers were: E. L. Ralls, Dr. Geo. L. Rankins, John Doty, Albert Snapp, Dr. H. B. Anderson and R. R. Lail.

WILLIAMS.

—Following an illness of several weeks from a complication of diseases, Miss Winnie Williams, aged eighty-two, one of the best-known women in the city, died at the home of her sister, Mrs. Thomas Henry Clay, Sr., on Pleasant street, Wednesday morning.

Miss Williams was a daughter of late Maj. George W. Williams, who was a noted lawyer of Paris prior to the Civil War. She was an aunt of Gen. Roger D. Williams, of Lexington. Miss Williams had resided in Paris all her life, with her sister, Miss Lottie Williams, occupying the old family home on Pleasant street until a few weeks ago, when they went to the home of their sister, Mrs. Thos. Henry Clay, to reside. She was one of the oldest members of the Paris Christian church. She was prominent in club affairs, especially in the Daughters of the Revolution, whose meetings were held at the Williams home. She was a woman of the very highest character and one whose life was a constant reminder of the higher attributes of womanhood.

The funeral was held at the residence yesterday afternoon, at four o'clock, with services conducted by Rev. W. E. Ellis, of the Paris Christian church. The interment followed on the family lot in the Paris Cemetery. The pallbearers were

"UNCLE BILL" SCHOOLER GETS IN GAME AGAIN.

That it is a hard matter for a newspaper man to remain entirely away from the profession in which he has spent so many years is again evidenced by the re-entry into the game of "Uncle Bill" Schooler, veteran newspaper man, well-known all over Kentucky.

This time "Uncle Bill" looms up in the far West. He had for some time been connected with the Somerset News. Leaving there he is now associated in the management and editing of the Daily Twin Falls Times, published at Twin Falls, Idaho. Mr. Schooler succeeded a former member of the editorial staff, Mr. Merlin Batley, who has entered the service of Uncle Sam in the army. The Times pays a very handsome compliment to "Uncle Bill" in writing of his coming to Twin Falls, stating in part:

"Uncle Bill" Schooler, as he has been universally known in his former fields of labor, did not come to Twin Falls to learn the newspaper game! He came to play it! He has now been in the business nearly forty years and in all capacities from 'devil' to publisher and proprietor.

"Mr. Schooler is a Kentuckian, a gentleman and a 'good mixer,' and the Times confidently expects to receive from the Twin Falls public, after acquaintance shall have been developed, more credit for bringing him here than anything else it has been able to do up to the present hour."
